STANDARDS

The word Tank/s outlines Tank Solutions “Glasteel II ® Underground Fuel Tanks”. Tanks will be designed and fabricated according to Underwriters Laboratories Standard UL.1746 “External Corrosion Protection Systems for Steel Underground Storage Tanks”. Tank venting requirements will be in accordance with AS1692. Tanks are designed and fabricated in conformance with the latest edition of AS1692 Table 3.2 for the Inner tank thickness. There will be no variance under the minimum thickness listed in Table 3.2. Fibreglass reinforced outer tank will be in conformance per latest edition of UL standard 1746. Tank manufacturer shall provide a kit of preformed caps for lifting lugs with glass mating and resin for sealing all exposed metal.

GLASTEEL II ® LIMITED WARRANTY

We warrant that our Tanks if installed underground, with proper backfill material and in accordance with our installation instructions, will;

1. Meet our published specifications and will be free from defects, material and workmanship for a period of one (1) year following date of original delivery by Tank Solutions.
2. Not fail for a period of thirty (30) years from the date of original purchase due to external corrosion, cracking break up or collapse resulting in tank failure.
3. Not fail for a period of thirty (30) years from the date of original purchase due to internal corrosion, providing the tank is used solely for gasoline, gasohol, jet fuel, diesel fuel, or methanol at ambient underground temperatures; or used for fuel oil at temperatures not to exceed 150 degrees F (65.5 degrees C) and operated free of water and adequately maintained.

Our liability under this warranty shall be limited to the original owner with the tank at the original tank destination location only and, at our option;

1. Repair of the defective tank
2. Delivery of a replacement tank to the point of original delivery or
3. Refund of the original purchase price

We shall not be liable for the failure of piping system connected with the tank, nor shall we be liable for any labour or installation cost, indirect or consequential damages in connection with such tanks. The foregoing constitutes our exclusive obligation and we make no express or implied warranties or any warranty or merchantability or fitness for any particular purpose whatsoever, except as stated above.

**This Warranty Is Only Valid If The Installation Checklist Is Returned to
Tank Solutions Within 30 Days Of The Initial Installation Of The Tank.**
