

DOUBLE WALL FIBREGLASS UNDERGROUND TANKS

Technical Data Sheet

Tank Solutions is a leader in the manufacture of Fibreglass Underground Tanks.

Tank Solutions Double Wall Fibreglass Underground Tanks are fitted with a Trucheck Hydrostatic Monitoring system for leak detection.

This system meets EPA requirements and provides ongoing monitoring and protection from product loss and contamination to the environment.

Tank Solutions uses **innovative 3-dimensional fibreglass technology**, which adds strength and durability to the double walled underground tanks.

Suitable for Petroleum Products including those containing Ethanol blends and DEF.

APPLICATIONS

- ✓ Service Stations (UST)
- ✓ Bulk Underground Storage

▶ CAPACITIES

5,000 - 150,000 litres
Larger volumes upon request

▶ COMPARTMENTS

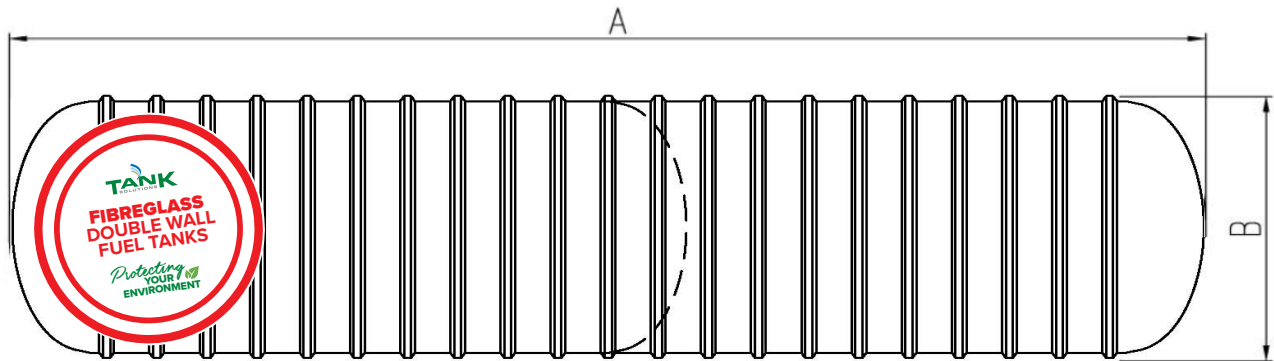

1-4 Dependent of size

▶ OPTIONS

Tank Solutions AQUATOR®
Oil Water Separator

DOUBLE WALL FIBREGLASS UNDERGROUND TANKS

Technical Data Sheet

1500mm Diameter

Type	Nominal Capacity Litres	Double Wall Actual Capacity Litres	Length Overall 'A' mm	External Diameter 'B' mm	Double Wall Shipping Weight Kg	No. of Straps
DWIII T2	2,000	2,500	1,700	1500	300	2
DWIII T5	5,000	5,400	3,400	1500	500	2

2140mm Diameter

Type	Nominal Capacity Litres	Double Wall Actual Capacity Litres	Length Overall 'A' mm	External Diameter 'B' mm	Double Wall Shipping Weight Kg	No. of Straps
DWIII T10	10,000	10,200	3,570	2140	700	2
DWIII T15	15,000	15,600	5,270	2140	1,000	2
DWIII T20	20,000	21,000	6,970	2140	1,200	4
DWIII T25	25,000	25,100	8,245	2140	1,500	4
DWIII T30	30,000	30,500	9,945	2140	1,800	4
DWIII T35	35,000	36,000	11,645	2140	2,100	6

2600mm Diameter

Type	Nominal Capacity Litres	Double Wall Actual Capacity Litres	Length Overall 'A' mm	External Diameter 'B' mm	Double Wall Shipping Weight Kg	No. of Straps
DWIII T10	10,000	13,800	3,300	2600	900	2
DWIII T15	15,000	15,900	3,720	2600	1,000	2
DWIII T20	20,000	22,000	4,995	2600	1,300	2
DWIII T25	25,000	26,100	5,845	2600	1,400	3
DWIII T30	30,000	30,200	6,695	2600	1,600	4
DWIII T35	35,000	36,300	7,970	2600	1,900	4
DWIII T40	40,000	40,400	8,820	2600	2,100	4
DWIII T45	45,000	46,500	10,095	2600	2,400	5
DWIII T50	50,000	50,600	10,950	2600	2,600	6
DWIII T55	55,000	56,700	12,220	2600	2,900	6
DWIII T60	60,000	60,800	13,070	2600	3,100	6
DWIII T70	70,000	71,000	15,195	2600	3,600	7

3280mm Diameter

Type	Nominal Capacity Litres	Double Wall Actual Capacity Litres	Length Overall 'A' mm	External Diameter 'B' mm	Double Wall Shipping Weight Kg	No. of Straps
DWIII T60	60,000	59,900	8,320	3280	2,700	4
DWIII T70	70,000	69,800	9,590	3280	3,100	4
DWIII T80	80,000	79,600	10,870	3280	3,400	5
DWIII T90	90,000	89,500	12,140	3280	3,900	6
DWIII T100	100,000	99,300	13,400	3280	4,500	6
DWIII T110	110,000	109,200	14,700	3280	4,800	7

Weights, Capacities & Dimensions are nominal only

Tank Solutions double wall underground fibreglass tanks are available in various configurations with option for Single / Dual / Triple / Quad Compartments.

Custom manufactured tanks can be available on request.
